Dear Church Family,

I can't begin to thank Pastor Tim and my FWC family enough for all the cards, flowers, phone calls, meals and especially all the prayer support that was given to Pauline and me over the past 3 years. Just knowing I had a beautiful church family who genuinely cared and supported me during that time was a tremendous comfort and a true blessing. I was especially lifted up every Sunday that I could attend church and was able to thank the many people for their kindness and concern. Then after Pauline passed, the church ministries put together a beautiful funeral service and luncheon. The love of this church family is overwhelming at times and brings me to tears. Love you all and thank you again!!!
Lee Noviello

Dear Church Family,

Thank you so much for the beautiful bouquet of flowers. They are so pretty and bright to cheer up the gloomy days.
Donna Hepler

Dear Faith Wesleyan,

Seasons Greetings! We say "thank you" for your support and donation. We appreciate it, as it helps with all the many needs here at the soup kitchen. Blessings to you in the Christmas season.
Sojourner Truth Ministries

Dear Faith Wesleyan,

Thank you for honoring our brave soldiers with your love gift to them. It means so much, especially now as requests for help are at the highest number. Christmas blessings to all!

LYCOMING FOSTER CARE is looking for nurturing and safe families to provide stability for children and their families in difficult times.

Mission - To provide temporary foster care to children of all ages in Lycoming County.

Goal - To have a Lycoming Foster Care Family for every Lycoming County child in need.

Vision - To keep children that are in foster care in their home community, in their school district, close to their family and friends.

Values - To keep children in their home whenever possible. When children need to enter foster care, the goal is to provide temporary care while the child's family remedies the situation that led to the child's removal.

Contact: Kyle Nielsen 570-326-7895.
